Accessibility Declaration

Accessibility declaration for the website for Private Entities referred to in Article 3, paragraph 1-bis of Law no. 4 of January 9, 2004

Declaration

Relanghe S.r.l. is committed to making its website accessible, in accordance with Law no. 4 of January 9, 2004. This accessibility declaration applies to: https://www.relanghe.it/

Stato di conformità: *Parzialmente conforme*

This website is partially compliant with the requirements set out in Appendix A of the standard UNI CEI EN 301549 due to the non-compliance cases listed below

Non-accessible content

The contents listed below are not accessible for the following reasons – non-compliance with Law no. 4 of January 9, 2004:

● Requirement: 9.1.1.1 – Some non-text content presented to the user does not have a text alternative that serves the same purpose;

● Requirement: 9.1.2.3 – For some pre-recorded multimedia, no alternative or audio description is provided;

● Requirement: 9.1.3.1 – In some cases, information, structure, or relationships conveyed through the presentation of the pages cannot be determined programmatically (or are not available through text);

● Requirement: 9.1.4.3 – The visual presentation of text and images containing text does not always meet the required minimum contrast ratio, except in cases allowed by the regulation (e.g., logos);

● Requirement: 9.1.4.5 – In some cases, text images are used instead of plain text and are neither customizable nor essential to the type of information conveyed;

● Requirement: 9.1.4.11 – For some essential components, even in their various states, the color contrast with adjacent elements does not exceed the 3:1 ratio;

● Requirement: 9.2.1.1 – Some functionalities cannot be operated using a keyboard (or an interface with similar input);

● Requirement: 9.2.2.2 – Some animations, flashing, scrolling, or auto-updating information that are automatically triggered, last more than five seconds, or are presented simultaneously with other content, lack mechanisms to pause or hide them;

● Requirement: 9.2.4.1 – There is no mechanism to skip blocks of content that repeat across multiple web pages;

- Requirement: 9.2.4.3 – On some web pages that can be navigated sequentially, and where the navigation order a]ects their meaning and functionality, some focusable objects do not receive focus in an order that preserves meaning and operability;

- Requirement: 9.2.4.4 – The purpose of some links cannot be determined from the link text or from the link text together with adjacent content;

- Requirement: 9.2.4.6 – Headings and/or labels do not su]iciently clarify content or functionality;

- Requirement: 9.2.4.7 – On some interactive elements, the focus indicator is not visible;

- Requirement: 9.4.1.2 – In some cases, user interface components (including: form elements, links, and script-generated components...) have incorrect or unset name, role, states, properties, and values, or the user and their assistive technologies are not notified when these change;

- Requirement: 9.4.1.3 – In some cases, status messages are not presented to the user in a way that allows assistive technologies to interpret them without requiring focus movement;

Drafting of the accessibility declaration

This declaration was drafted on 25/06/2025.

The evaluation was carried out by third parties through objective and subjective analyses (see Article 3, paragraph 1, of Commission Implementing Decision (EU) 2018/1523).

The declaration was last reviewed on 25/06/2025, in compliance with the recommendation to periodically review (at least annually) the accuracy of the statements contained in this accessibility declaration.
